

Hydrogen for Clean Transport 2019

Hydrogen Mobility Europe Project Mid-Term Conference

08:30	Arrival and registration
09:30	Welcome addresses
09:30	Welcome Address Heinrich Klingenberg, Managing Director, hySOLUTIONS
09:45	FCH JU: Making an Impact by Accelerating Innovation and Securing Competitiveness Bart Biebuyck, Director, FCH JU
10:00	H2 Mobility Deutschland: Market Activation and Network Development in Germany Nikolas Iwan, Managing Director, H2 Mobility Deutschland
10:15	Emerging Conclusions from the Hydrogen Mobility Europe Project Lisa Ruf, Principal Consultant, Element Energy
10:30	Hydrogen Mobility Europe Project Deployment and Technology Readiness Robert Evans, CEO, Cenex
10:45	Coffee break
11:15	Panel Session 1 - Commercialisation and Market Preparation Chair: Ben Madden, Director, Element Energy
11:15	Market Activation and Strategies for Commercialisation – Fuel Cell Passenger Cars Deployment Ferry Franz, Director, Toyota Motor Europe
11:25	Market Activation and Strategies for Commercialisation – Fuel Cell Vans Deployment Gilles Bourrat – Program Director, Symbio
11:35	Market Activation and Strategies for Commercialisation – Trucks Deployment Dr.-Ing. Manfred Schuckert - Daimler Trucks
11:45	Fuel Cell Bus Deployment with the example of the H2Bus Europe Deployment Ulrik Torp Svendsen, Director Nel, H2Bus Europe
11:55	Panel discussion Speakers joined by Ahmed Guenaoui, Advisor to CEO, ENGIE Cofely Johanna Reinhardt, Business Development Manager, CleverShuttle
12:30	Lunch break
13:45	Panel session 2 - Green and affordable hydrogen for Zero Emission Transportation Chair: Lionel BOILLOT, Project Manager, FCH2 JU
13:45	Overview of Zero Emission (ZE) Driving Options - Life Cycle Comparison of Electric and Fuel Cell Vehicles Dr. André Sternberg - Project Manager Fraunhofer ISE
13:55	Regional Scale Deployment of Electrolyzers Liliane Cloatre, Director Business development, Hynamics
14:05	Case study: Certifhy Project for EU wide Guarantee of Origin Certificates Guy De Reals, Director, Air Liquide
14:15	Case Study: Economics for Green Hydrogen with Captive Fleets in Gronningen Dr.-Ing. Patrick Cnubben, New Energy Coalition
14:25	Renewable Power integration and Opportunities for Electrolyzer Arnaud Roulland, Research Engine, EIFER
14:50	Panel discussion
15:00	Closing remarks Valerie Bouillon Delporte, President, Hydrogen Europe
15:15	Networking and get together with snacks
16:30	End of event
